

Model # CM-3000F

Technical Specification:

- FIBER LASER
- 30W Laser Power
- Air Cooling System
- Marking Area 110mm x 110mm
- Control Software LC8000S
- Galvanometer Sino-Galvo Positioning way
- Laser Repetition Frequency 20KHZ-80KHZ
- Supply Voltage AC220V $\pm$ 10% 50HZ
- Gross Power Use <1.0KW
- Optical maser wave length 1064 nm
- Marking Speed $\leq$ 7000mm/s
- Marking Depth Optional (0.1-3mm)
- Raycus Laser source
- Huaying Laser Lens

- Graphic Format Supported AI, PLT, DXF, BMP, DST
- Communication interface Windows XP / Win 7 / Win 8/Win 10
- Certificate FDA, CE, SGS
- Minimum Line width 0.1mm
- Minimum Character 1mm
- Marking Content logo, character, serial number, bar code, data matrix any file.
- After-sales Service Guarantee for 24 months.
- Maintenance free of charge for 5 years.
